

Read 2 Thess 2:13-3:5

What does Paul expect the Thessalonian Christians to do according to this passage? There are three things, the first two are commands and the third one is stated as a confident expectation.

For each of these things that the Thessalonians (and we) are to do, what has God done to make it possible?

What are the challenges to standing firm or staying in the truth of the gospel? How do we succeed at it?

What are the challenges to praying and depending on God? How do we succeed at it?

Who should we be praying for?

What are the challenges to obeying God's commands? How do we succeed at it?

Is there a command that you know you have been disobeying? Will you repent and obey?

Spend some time praying together for help to succeed in these areas.
